Biostone

Platinum Titanium Electrolytic Cell

Emco Tech water ionizers create healthy, clean, ionized, alkaline water from tap water. Alkaline, ionized water helps to restore the internal pH balance and remove toxic acid waste from the body.

ALKALINE WATER

ACIDIC WATER

Smart Water Ionizing controlled automatically by the Micom onboard computer
Reduced mineral deposits by use of platinum titanium coated electrodes
Alarm signal in case of low water pressure
An alarm sounds and the ionizer is disabled in case of hot water inflow
Exact calculation of filter life with a water flow
4 level pH selection
Has a high quality filter which removes most pollutants and microorganisms
Calcium may be added through an exterior opening, extending the range of pH selection
Optional hollow filter membrane
Easy filter replacement
