### Double Automatic Reverse Cleaning

Patented

The DARC system is an automatic cleaning device which completely removes the calcium build-up from the water ionizer chamber which acts to extend the life of the chamber itself.

### Automatic Water Pressure Control Mechanism

Water pressure can be controlled by opening and closing the existing water faucet but according to each area's water pressure as each area has its own particular water pressure, we have added this feature to maintain a constant water pressure.

### Platinum Titanium Electrolytic Cell

Emco Tech water ionizers create healthy, clean, ionized, alkaline water from tap water. Alkaline, ionized water helps to restore your internal pH balance and remove toxic acid waste from the body.
